APWA Premiers Virtual PWX@Home

Washington, D.C. – July 13, 2020 – From August 2020 to July 2021, the American Public Works Association (APWA) will host our premier PWX@Home featuring over a hundred original virtual education sessions, exhibits, and networking opportunities presented, by topic, to you.

By month, topics include:

- August 2020 – Utility Public Right-of-Way
- September 2020 – Fleet
- October 2020 – Winter Maintenance
- November 2020 – Operations & Maintenance
- December 2020 – Leadership & Management
- January 2021 – Engineering & Technology/Asset Management
- February 2021 – Water Resources
- March 2021 – Solid Waste
- April 2021 – Facilities & Grounds
- May 2021 – Sustainability
- June 2021 – Emergency Management
- July 2021 – Transportation

“I know the cancellation of PWX 2020 in New Orleans was a disappointment to all of our APWA members, staff, leadership and partners who work to make the event not only possible, but memorable and enjoyable for all who attend,” said APWA President William (Bill) Spearman III, P.E. “The Board of Directors recognized the importance of the educational offerings PWX provides to the attendees, and asked that an alternative to an in-person PWX be created. Our incredible staff embraced the strategic activity in our 2020 – 2023 Strategic Plan to create innovative educational offerings using a variety of delivery methods and techniques, and were able to create exceptional opportunities for our exhibitors to still connect with attendees through PWX@Home.”

Additional education and networking opportunities and APWA resources include:

- Live Events
 - Spotlight On... Series

“This is one of the many examples of how APWA has adapted to the recent events associated with the COVID-19 pandemic. For the next 12 months, don’t worry about getting on a plane or driving to see us, we are going to provide you with the best education, professional development, and virtual exhibits right in your home or office, and hope to see you in person in St. Louis at PWX 2021,” said APWA Chief Executive Officer, Scott D. Grayson, CAE.
